

Modular Rack Cabinet System

C2 Series

Data Communication Infrastructure

Find detailed drawings online at:
www.hammondmfg.com

Application

- The C2 Rack Cabinet Series provides users with a generous amount of flexibility for electronic, test and measurement as well as entry level computer room applications.
- Standard C2 assemblies provide easy-ordering for common applications (visit our website at www.hammondmfg.com for assembled "Rapid Rack" options). For a more application specific solution, specifiers can mix and match standard components.
- Special colors, sizes or other modifications available from the factory.

Features

- Available in height from 20U to 49U
- Available depth of up to 36 inches
- Cabinet frame features an open-top design supporting optional solid and vented top panels, as well as a selection of fan tops capable of to 550 CFM
- EIA-compliant mounting rails are sold in pairs and are available with either tapped or square-hole design
- Rails feature rack unit markings for easy equipment installation
- Infinite rail depth setting using C-channel struts
- Door options include solid, louvered, Acrylic (with and without side venting)
- Doors include lockable latch, magnetic catch and spring loaded hinge pins for instant installation or removal

Construction

- Fully-welded 14-gauge steel frame with a weight-load rating of 1,500 lbs
- Four (4) leveling feet are included with support for optional casters
- Grounding studs provided on frame as well as side panels and doors
- Mounting rails are zinc plated for superior grounding
- Doors fabricated of 16 gauge steel

Accessories

- Power Bars...*see page 444*
- Hardware...*see page 432*
- Shelves...*see page 425*
- Panels...*see page 426*
- Cable Managers...*see page 426*

Finish

- Cabinet components (and many accessories) are finished in textured powder paint.
- Standard stock colours include black and Light Gray.

Modular Data Center Cabinet System

C4 Series

Data Communication Infrastructure

Your **QUICK & EASY** configuration tool is just a **click** away!

Build your own assembly at: www.q-assembly.com

Find detailed drawings
online at:
www.hammondmfg.com

Application

- The wider and deeper C4 Rack Cabinet Series provides users with maximum amount of flexibility for data center applications.
- Multiple features addressing thermal performance make C4 an ideal choice in high heat load environments.
- Standard C4 assemblies provide easy-ordering for common applications. For a more application specific solution, specifiers can mix and match standard components.
- Special colors, sizes or other modifications available from the factory.

Standards

- Structural integrity of the standard C4 frame design meets Seismic UBC Zone-4 certification.

Features

- 30" wide C4 has generous cabling space, four (3.5" wide) cable entry holes on the top, support for up to four optional 4"-deep vertical cable managers, and an open base for easy cable access from raised-tile sub-floors
- EIA-compliant mounting rails are sold in pairs and are available with either tapped or square-hole design
- Cabinet frame features an open-top design supporting optional solid/vented top panels, as well as fan tops capable of up to 550 CFM
- Cabinets come standard with an open base design to allow for cable entry and cold-air supply in raised-tile-floor installations
- Rails feature rack unit markings for easy equipment installation
- Infinite rail depth setting using C-channel struts
- Rails for 30" wide unit have cable-tie support and pass-through hole
- Door options include solid, Acrylic and perforated.
- Perforated doors are offered in single and split door. Split doors can save valuable working space when accessing the back of the cabinet.
- Perforated doors for both front and back of the cabinet are suggested for most server applications.
- Doors include lockable latch, magnetic catch and spring loaded hinge pins for instant installation or removal

Construction

- Fully-welded 14-gauge steel frame with heavy-duty struts contributing to a weight-load rating of 2000 lbs
- Four (4) leveling feet are included with support for optional casters
- Grounding studs provided on frame as well as side panels and doors
- Mounting rails are zinc plated for superior grounding
- Doors fabricated of 16 gauge steel

Accessories

- Vertical cable trays are available for both 24" and 30"-Wide cabinets. 30" wide compatible versions feature magnetic-latching doors, and 3.5" wide x 4" deep cable space.
- Power Bars...*see page 444*
- Hardware...*see page 432*
- Shelves...*see page 425*
- Panels...*see page 426*
- Cable Managers...*see page 426*

Finish

- Cabinet components (and many accessories) are finished in textured black powder paint.
- Standard stock color black.

Data Center Cabinet Assembly

DC100 Series

Data Communication Infrastructure

Shown with optional side panels.

Application

- The Hammond Data Center 100 (DC100) was designed for Server, Network and Data Storage applications. DC100 cabinets feature an array of enhancements over traditional cabinets, with cooling performance and enhanced security features demanded by today's IT manager.

Standards

- Structural integrity of the standard DC100 frame design meets Seismic UBC Zone-4 certification.

Features

- The DC100 series cabinets are offered in two capacities, 42U spaces and 24U spaces. A standard overall width of 24" allow cabinets to side or bay together matching standard 2ft floor tile placement, optimizing sub-floor cable and cold-air access without conflict. Overall depth of 42" but can be modified up to 48" to provide support for deep server dimensions while providing additional space for cable management.

- The top of the DC100 includes two (2) 3.5" diameter cable entry holes and one (1) 18 x 3" rectangle cable entry (comes with solid filler panel).
- Open frame bottom allows raised tile floor cable and air access. Also includes a removable rear gland plate for floor-level cable entry. One (1) vertical cable tray included.
- Includes two (2) pair of 19" mounting EIA-310-D compliant square-hole design feature U-markings. Infinite-depth setting using C-channel struts.
- Four (4) leveling feet are included with support for included recessed casters. Grounding studs provided on frame, side panels and doors. Side panels are only included with the 24U model. Side panels are sold separately for 42U model.
- Doors include front and rear enhanced locking handles that include a 2-point locking mechanism. Front perforated door offers 65% airflow. Split rear perforated doors offers 65% airflow.
- Perforated doors for front and rear of the cabinet are suggested for most server applications. DC100 cabinet frame features an open-top design supporting optional solid and vented top panels, as well as a selection of fan tops capable of up to 550CFM.

Construction

- The DC100 features a fully-welded 14-gauge steel frame with heavy-duty struts contributing to a weight-load rating of 2000 lbs.
- Rails are fabricated of heavy duty 12 gauge steel, zinc-plated for superior grounding.

Accessories

- Electronic Handle - Upgrade your handles to our new electronic controlled handle with key override.
- Manage access using your SNMP smart PDU now available from Hammond Mfg. Ask your Hammond rep for details.
- Power Bars...*see page 444*
- Hardware...*see page 432*
- Shelves...*see page 425*
- Panels...*see page 426*
- Cable Managers...*see page 426*

Finish

- Rugged textured black powder paint
